What kind of General was Buhari in Nigeria Army? This is the effect of Federal characterising every aspect of Nigeria.

The president and commander In-chief is a retired army general with generals as service chief still, rag tagged Boko Haram could lay ambush, killed Nigeria soldiers and went away with tax payer vehicles.

Where is the Air force, How does a rag tagged group with no air power ambushed a constituted armed force? Is Boko Haram insurgency an oil well for some northerners to make money? Are there fifth columnist in Nigeria armed force?

It shows people like Buhari became general in the army with no expertise. The qualification was that he is a Hausa-Fulani man.

If he were a REAL general by merit, he should have been able to knock out those barbarians with the help of those fake generals in Nigeria armed force.

My Solution is -

Nigeria Needs Retired Ehajerika to come back and save the northern muslims from them selves.

He should be brought back to replace Burutai.

Burutai can be sent for more training and quietly retired to focus on his investment in Dubai.

Ehajerika should then be allowed to "Bagarise" these islamic urchins.

BUAHRI was simply a product of nepotism, so him being a general is by mere promotion and not of military experience.

BUHARI who in 2015 criticized GEJ for failure to crush BOKO HARAM as a political ploy to win election, a so-called former military general and Dictator could not defeat an Islamic terrorist group he described as 'Rag Tag'. Nigerians are helplessly watching as the country's common Wealth is wasted in fighting BOKO HARAM, a terrorist enterprise deliberately created by the North.

90% of senior officers in the Nigerian army are among the most stupid, corrupt, lazy and primitive in the world. Every instructor in every training center in the world will confirm this.

Absolutely correct.

The NA died the day Gen. Babangida unceremoniously retired seasoned and fearless Soldiers that fought on both sides in the civil war. He effectively introduced nepotism, federal character and corruption into the armed forces. The remnants left in the 90's without impacting the lily-livered boys in the NA.

The Gov of Boruno state should financially compensate this freedom fighters (bandits). Marry wives for them so they don't go kidnapping a large number of girls cos that is their main primary occupation.

The Chadian Defence Force is the most effective and battle ready in the entire West African region. Their desert warfare prowess and valor is second to none. Our stupid ego, arrogance and corruption wouldn't allow us bring them in to fight the Islamic terrorists. The Chadians liberated Dikwa and together with the South African mercenaries liberated most of Borno State at the close of Jonathan's administration. Buratai's gain was due to decimation of the BK terrorists by those chaps. They are merely defending and not attacking.

We ought to bury our ego and invite mercenaries to do the job. The NA is lacking in valor, courage and now full of corrupt, lazy and fearful lots

Mumumadu Buhari failed as a general in the Nigerian army. Rag tag Boko Haram he could not defeat. They only flex muscles against civilians. The Dubai landlord, General Buratai is only interested in collecting rent in Dubai. **RELEASE OMOYELE SOWORE NOW**!!
