Enclosure 1.—A Return of the Number of Slaves imported under Licence, or otherwise, from 1st January 1821 to the present Date.

THERE has not been any return kept of Slaves imported into Bermuda at the Custom House or elsewhere ; there is no law or custom requiring such return : but there is not the smallest reason to suppose that a single importation of the kind alluded to has taken place in Bermuda for a long series of years, except the very few that may arrive from the West Indies occasionally as domestic servants, accompanying their owners.

Letter from H. J. Ross, Solicitor for the Crown, to W. Bullock, Esq.

Sir,

Kingston, 6th March 1826.

I SHOULD long since have complied with His Grace the Governor's directions, contained in your letter to me of the 9th day of November last ; but such compliance is wholly impracticable from any documents in the office of Solicitor for the Crown, nor do I know in what office the required information can be obtained. I beg leave to observe, that an *official* List of the Numbers and Names of Slaves escheated to the Crown may be obtained from the clerk of the Supreme Court.

I have, &c.

N^o 3.—CAPE OF GOOD HOPE.

Copy of a DISPATCH from Major General Bourke, addressed to Earl Bathurst; dated 18th October 1826.—(Seven Enclosures.)

Government House, Cape Town, 18th October 1826.

MY LORD,

IN compliance with the Instructions contained in your Lordship's Circular Dispatch of 1st September 1825, addressed to His Excellency Lord C. H. Somerset, I do myself the honour of transmitting the accompanying Returns relative to the Slave Population of this Colony, as required by the House of Commons.

1st.—A Return of the number of Slaves imported into or exported from the Cape of Good Hope, from the 1st of January 1821 to 31st December 1825.

2d.—A Return of the number of Manumissions effected during the same period, with a statement of the Fees charged on each manumission.

3d.—A Return of the number of Marriages legally solemnized between Slaves during the same period.

4th.—Copy of a Proclamation issued on the 18th March 1823, in which the Marriage of Slaves is authorized, and their connubial Rights recognized and secured.

5th.—A Return of the number of Slaves taken and sold in execution for Debt, from 1st January 1821 to 31st December 1825.

6th.—A Return of the Free Black and Slave Population, from 1st January 1821 to 31st December 1824.

7th.—A Return of the number of Births and Deaths that have taken place among the Free Blacks and Slaves for the same period.

No Slaves have been sold for the recovery of Taxes.

Lord C. H. Somerset having transmitted to Mr. Wilmot Horton, in his letter of the 27th February last, detailed Returns (as required by the House of Commons) of all persons committed to gaols as runaways or apprehended deserters, but who claimed to be free persons, from the year 1812 to 1825; I presume it is unnecessary that I should forward to your Lordship additional copies of these documents.

Upon instituting inquiry into the subject, I do not find that any Slaves have ever become the property of the Crown by escheat, the estates of individuals dying without heirs in the colony having invariably been administered by the Orphan Chamber for the benefit of the unknown or foreign heirs, and the Slaves sold; nor does it appear to have been the practice in this colony to levy money for the support of the poor, the relief given to paupers being voluntary on the part of the public.

I have the honour, &c.

(signed) *Richard Bourke.*

To the Right Hon^{ble}
The Earl Bathurst, K. G.
&c. &c. &c.

Enclosure 1.—List of Slaves imported into or exported from the CAPE OF GOOD HOPE, *vid* Table Bay, by Licence or otherwise, between 1st January 1821 and 31st December 1825.

It has not been possible in the greater number of manumissions to insert the price paid for the Slave's redemption, nor the name of the person at whose expense the same was effected, as this department has no authority to inquire into these circumstances; and in the instances in which they have been inserted, the information (which has been derived from the conditions attached to the names of the Slaves in the registers) can in no wise be depended upon; and with respect to the fee of ten rix dollars and two shillings, formerly received in the office of this department upon the manumission of a Slave, five rix dollars and two shillings were paid upon the stamp upon which the deed was drawn out, and the remaining five rix dollars carried to the account of government, with the other fees of this department, but this has been discontinued since the 7th October 1824, in consequence of a letter from government to that effect, and no fee of any description is at present chargeable in this department upon deeds of emancipation.

STATEMENT of the Expenses attending the Manumissions of a Slave at the
CAPE OF GOOD HOPE.

1.—THE Memorial to Government which is usually written on a stamp of four shillings and nine pence.

The permission of Government was formerly granted on a stamp of one rix dollar ($\frac{1}{6}$), but for some time past no stamp has been used for this permission.

2.—The payment of fifty rix dollars to the funds of the Reformed Church, in addition to which two persons must bind themselves that the Slave so manumitted shall not become burthensome to the Church within the period of twenty years; if the Slave however has been baptized the payment is not made to the Church funds, nor is security demanded, and latterly also in the case of Heathens, H. E. The Governor has been pleased to dispense with the payment to the Church, upon security being given that the emancipated Slave shall not become a burthen to the Church funds during his or her life-time.

Enclosure 4.—Proclamation.

Cape of Good Hope.

BY His Excellency the Right honourable General Lord Charles Henry Somerset, one of His Majesty's most Honourable Privy Council, Colonel of His Majesty's 1st West-India Regiment, Governor and Commander-in-chief of His Majesty's Castle, Town and Settlement of the Cape of Good Hope, in South Africa, and of the Territories and Dependencies thereof, and Ordinary and Vice-Admiral of the same, Commander of the Forces, &c. &c. &c.

WHEREAS I, having taken in consideration the happy increase of the means of religious instruction, and the opportunities for religious worship, which have been established in this Settlement, and the benefit which is resulting therefrom to the community at large; and being confident that there exists but one feeling in the breasts of the inhabitants, that it is the bounden duty of every true Christian to civilize the lower classes and to ameliorate their condition, as far as may be consistent with the security of the State, and with due consideration to the rights and privileges of all: And whereas it must be evident to every well-disposed and religious person, that the propagation of Christianity among Slaves will tend, beyond any other measure, to promote morality amongst them, and to improve their condition and conduct; do (under a sanguine hope that the following Regulations may conduce to those desirable objects, and to the removing of any existing evils,) hereby proclaim and order, that,—

1st.—Sunday being commanded in all Christian States to be a day of rest, it is hereby forbidden and declared illegal to compel a Slave to perform field labour on the Sabbath-day, or any other work but such as is ordinarily considered work of necessity; complaint in such case to be made to the local authority, who is hereby empowered to exact a penalty for every such offence, if proved, not exceeding 50 rds. nor less than 10 rds.

2d.—Slave proprietors who have caused their slave children to be baptized in the Christian religion, shall, as far as relates to such Slaves, be exempt from any tax which has been imposed on Slaves in this colony.

3d.—The manumission of a Slave, who has embraced the Christian religion, shall not be subject to the customary payment of 50 rds. to the Reformed Church; but such Slave shall nevertheless be entitled (the same as other members of the church) to support from the vestry under the usual regulations and conditions.

4th.—Christian slave proprietors residing in Cape Town, and other towns and villages, and their immediate vicinity, where free schools are or may be established, are, after the first day of June next, to send their slave children above three years and under ten years of age, at least three days in each week, to the established free school nearest to their dwelling; and those whose residence will not permit them to afford this consoling advantage to their slave children, are anxiously invited to avail themselves of any means which may offer for giving them instruction.

5th.—Slaves who have been baptized, and who are not within the prohibited degrees of consanguinity, may intermarry with their proprietors (or respective proprietors) consent had in writing, and delivered to the local authority; and the children of such marriages shall be the property of the proprietor of the mother. The same shall hold good with regard to slaves of either sex intermarrying with free persons; in which case also, when the wife is a slave, the children of such marriage belong to her proprietor.

6th.—The consent in writing of the proprietor or respective proprietors (as the case may be), transmitted to the clergyman through the local authority, shall supersede the necessity of being asked in the church, or of appearing before the matrimonial court, to legalize the marriages of Slaves: and the respective local authorities shall be responsible, that all marriages between Slaves are without delay enregistered as all other marriages are; and that a notification of the marriage be made to the general or district office (as the case may be), established for the enregistration of Slaves.

Slave marriages shall be celebrated in the church on Sundays, where the locality will permit; and in other cases the clergyman will, once in twelve months, appoint the most convenient places in their respective districts for the purpose of marrying Slaves and baptizing children, so as to remove the inconvenience arising from remote habitations; which marriages it shall be lawful for the clergyman to perform upon receiving the written consent of the proprietors through the local authority, as above directed. The marriages of Slaves and the baptism of their children shall be performed without fee or reward.

7th.—After

Cape of Good Hope.

7th.—After the celebration of marriages, it is forbidden for the parties to be sold separately, or the children of such marriages without the parents, (or the survivor of them), until such children shall have attained the age of ten years, except under a decree of the court of justice.

8th.—Children not born in wedlock of a slave woman, who has embraced the Christian religion, and has been baptized, shall not be sold from their mother, unless they shall have fully attained their ninth year ; neither shall such Christian female Slave, so baptized, be sold, without selling to the same person any child she may have under the age of nine years, except under a decree of the court of justice.

9th.—The regulations prescribed in the preceding clause respecting children born of mothers who have embraced the Christian religion, and have been baptized, shall also be observed with regard to children born of Slaves not of the Christian religion, and not having attained their eighth year, to whom the special care and attention of the mother must be considered indispensable ; and all sales, not in conformity to the restrictions comprehended in this and the foregoing clauses, are hereby declared null and void.

10th.—In order further to insure the observance of the preceding clauses, separate books shall be kept in the respective offices for the enregisterment of Slaves, of all slave marriages, and of all slave children born in lawful wedlock ; for which purpose owners shall report to that office in their respective districts the date and proof of baptism. Those who neglect causing the children of their Christian Slaves, born in wedlock, to be baptized within twelve months after the birth of such children, shall incur a penalty of not less than twenty-five rix dollars, and not exceeding one hundred rix dollars for each offence, and shall be compelled to have such child or children baptized at their own expense.

11th.—Slaves who have embraced the Christian religion, and have been incorporated in the church by baptism, (although transferred, or become the property of Heathens,) are not to be deprived of the right of attending at church or place of Christian worship on Sundays, under a penalty of ten rix dollars, to be paid by the proprietor, unless justifiable cause can be shown for such prevention.

12th.—The evidence of a Slave upon oath, after baptism, may be received by the constituted authorities, or competent courts, the same as that of any other Christian.

13th.—The property possessed by a Slave, whether acquired by work in extra hours (with the permission of the proprietor), by donation, legacy, inheritance, or by any other honest means, is inherent in the Slave, and in no event belongs to the proprietor, except in cases of suicide. In cases where differences may arise with respect to the property of a Slave, or the means by which such property has been acquired, either party may bring the case under the cognizance of the local competent court. Every Slave is entitled to dispose of his or her property, or other rights legally acquired, as well during life, as by will at his or her demise, according to the laws of the colony ; but in consideration of the peculiar circumstances which attach to this class of the community, it is here enacted, That if a Slave die intestate, having no husband, wife or child, (as the case may be,) the last declaration of the party, relative to the disposal of his or her property, if made before two credible witnesses of the age of twenty-five years or upwards, assembled for the purpose, (who shall depose on oath to the truth of their statement), shall be considered valid and effectual for the disposal of his or her property, under the direction of the Orphan Chamber, provided such disposal be not in favour of either of the said two witnesses, and the Orphan Chamber shall make the disposal accordingly. In cases where intestate Slaves have no relations, and make no declaration, or last will and testament, such as above described, as to the disposal of their property, the property shall be paid by the Orphan Chamber into a fund formed for the purchase of such female slave children as shall have been at one of the established schools during a period of four years, and who shall be particularly recommended by the committee for their moral and exemplary conduct during that period. The value of the female Slaves whose freedom is thus purchased, shall be fixed according to their actual value at that period, by a commission of the court of justice, and such purchases shall be exempt from all taxes and charges ordinarily imposed upon the manumission of Slaves. This fund shall be placed under the direction of a board, consisting of His Excellency the Governor for the time being, the Colonial Secretary, the Chief Justice, the President of the Orphan Chamber, the Colonial Chaplain, and the senior Ministers of the Reformed and Lutheran churches, and such other person or persons as the Governor for the time being shall be pleased to appoint, who are also empowered to receive all donations and legacies which may be made in aid of the objects of this fund. In the disposal of property left by Slaves, the fees to which the Orphan Chamber shall be entitled shall be on a scale of one half only of the established fees of that institution.

14th.—Every Slave is to be daily supplied with sufficient and wholesome food ; and in cases of dissatisfaction relating thereto, appeal may be made by either party to the local authority, and if deficiency or bad quality be proved, the proprietor or employer for the time being shall incur a penalty of twenty-five rix dollars, and for a second offence a penalty of fifty rix dollars, to be disposed of as hereinafter directed in clause 23. If, on the contrary, the complaint be proved to be unfounded or frivolous, the complainant may be proceeded against as hereinafter directed.

15th.—Every

MANUMISSIONS, MARRIAGES, &c.

15th.—Every Slave is to be kept provided with good and sufficient clothing by the proprietor for the time being, and, in case of dissatisfaction, appeal may be made under the same provisions and penalties on either side, as stated in clause 14.

Cape of Good Hope.

16th.—Slaves employed in garden or field labour are not to be compelled to work more than ten hours in each twenty-four hours, from the 1st April to the 30th September; nor more than twelve hours in twenty-four hours from the 1st October to the 31st March, inclusive; except during the ploughing or harvest seasons, or on extraordinary occasions, when a remuneration shall be made to them in money, or by an additional proportion of food, according to the discretion of the local magistrate (if appealed to), under a penalty not exceeding fifty rix dollars, nor less than ten rix dollars.

17th.—Proprietors of persons employed by them are not at liberty to inflict any punishment on a Slave beyond what may be considered a mild domestic correction; this correction is only to be given with rods, or other implements of domestic punishment; it is not to exceed twenty-five stripes, and is in no case to be repeated within twenty-four hours, nor until the delinquent shall have recovered from the effects of any former correction, under a penalty, in breach of any of the provisions of this clause, not exceeding one hundred rix dollars, nor less than fifty rix dollars for each offence.

18th.—Should it be necessary for the security or safety of a family or individual to put a Slave in irons, the same shall be reported within twenty-four hours to the local authority, under a penalty of fifty rix dollars, stating the cause and circumstances under which such measure could be justified.

19th.—Maltreatment of a Slave by the proprietor, not attended with death, may be punished by fine, imprisonment, banishment, or other sentence of the law, according to the nature of the case, and the degree of cruelty exercised; and the Slave may be publicly sold for the account of the proprietor, but under special condition of never again coming into his power, or into that of his parents, children, brothers, or sisters; but when the maltreatment of a Slave has been attended with death, it must be recollected that the court, in giving judgment, will be guided by the law applicable to homicide.

20th.—Maltreatment of a Slave by the overseer or representative of the proprietor, or other individual, shall be punished as if the same had been inflicted on a free person placed under the superintendence or direction of such overseer or other representative of the proprietor. Domestic punishment is forbidden to be inflicted on a Slave by any other hand than that of the proprietor, employer, or overseer, (not being a Slave), except in cases where the proprietors or employers having no free person in their employ, are females, or infirm, or suffering under disease, or are upwards of sixty years of age, under a penalty of one hundred rix dollars, nor less than fifty rix dollars, to be paid for each offence by the person who has caused such illegal punishment to be inflicted.

21st.—On the complaint of a Slave to the local magistrate against the proprietor, or other individual, the magistrate shall take charge of the complaining Slave, and inquire into the case forthwith, in order, should the complaint be well founded, to proceed against the person complained of in such manner as the law directs; but should the complaint prove groundless, the Slave shall be condemned to such legal punishment as the nature of the case may require.

22d.—The corpse of a Slave shall not be interred without permission being first obtained from the fiscal, landdrost, or field cornet, under whose immediate jurisdiction the employer for the time being resides, under a penalty of fifty rix dollars.

23d.—All penalties incurred under the provisions of any of the clauses in this Proclamation, shall be disposed of as follows:—one-third to the informer, and two-thirds to the fund specified in clause 13, for purchasing the freedom of female slave children of the free schools.

24th.—It is clearly to be understood that none of the provisions contained in the foregoing clauses do or will affect, in any degree, the property of the proprietors in their slaves, or their just claims to their services.

And that no person may plead ignorance hereof, this shall be published and affixed in the usual manner.

GOD SAVE THE KING.

Given under my hand and seal, at the Cape of Good Hope, this 18th day of March 1823.

By command of His Excellency the Governor.
