SLAVES IN THE MAURITIUS.

39

It is necessary to observe that at the early periods of the transfer of Slaves from the Seychelles Islands to Mauritius, and other places dependencies of its Government, the necessity of entering in the Register the names of the Vessels on which such Slaves were shipped did not suggest itself, and is the cause why they are not invariably mentioned in the return. As the object of such registration was merely to prevent fraud, the names of the Slaves, their Owners, and the Places to which they were sent, were the only points attended to on such occasions, as fully answering the purpose intended.

Custom House, Port Louis, Aug. 31st, 1826.

Enclosure, N^o 2.

To the Honourable G. A. Barry, Esq. Chief Secretary to Government.

Sir,

In compliance with the directions conveyed to me in your Letter of the 26th ultimo, to furnish you with "An Account of the number of Slaves shipped from the Mauritius, stating their Sexes, the Names of their Owners, the Name of the Vessel in which they were sent, since the capture of the Island to the latest period," and a similar Account of the number of Slaves landed at Mauritius during the same period, I have the honour herewith to transmit to you two Accounts containing the detailed information called for, since the early part of 1818, previous to which period it does not appear that any registers were kept at the Custom House of slaves embarked or disembarked at this port.

It will appear by the statement of those shipped, that with the exception of such as have been sent to the islands dependent on this Government, and one to the Cape of Good Hope, none have been carried away but as domestics, and that of these a very large proportion have returned.

Of those imported, if the term imported can be applied, the whole have been brought from the dependencies, not from other colonies; but I have added at the bottom of the statement of imported Slaves a memorandum I have discovered in the registers of this office, to account for the importation of a certain number of blacks, by three vessels which were captured just about the period of the reduction of these islands, and subsequently restored to the claimants under a decree of the Court of Vice-Admiralty, at the Cape of Good Hope.

I have, &c.

(signed) *Archd. Wm. Blane,*
Collector of Customs.

I do hereby declare, to the best of my knowledge and belief, the above Return (delivered to me by George Harrison, Esq. Assistant and Sub-agent, charged with the Collection of Customs at the Seychelles Islands) to be true and correct.

Edwd H. Madge,

Gov^t Agent at Seychelles.

It is necessary to observe, that at the early periods of the transfer of Slaves from the Mauritius to the Seychelles Islands, the necessity of entering in the register the names of the Vessels on which such Slaves were introduced did not suggest itself, and is the cause why they are not mentioned in the Return. As the object of such registration was merely to prevent fraud, the names of the Slaves, their Owners, and the Places from whence they came, were the only points attended to on such occasions, as fully answering the purpose intended.

Seychelles Islands, }

Gov^t Agent at Seychelles.

Custom-House, Port Louis, Mauritius, }
this 31st day of August 1826. }

Memorandum, as extracted from the Registers of the Custom-House, under the signature of Hart Davis, Esq.

A RETURN of the number of Slaves imported by individuals into Mauritius, (having been seized at sea by His Majesty's Vessels of War, as contravening the Slave Trade Abolition Acts, but finally adjudged to the claimants); distinguishing each year, and, as far as can be, the Sex of the Slaves so imported, and given up to the claimants.

In the year 1811 His Majesty's sloop Race Horse, and His Majesty's frigate Astrea, seized a ship called "Prudente," with slaves on board. Eleven of these slaves (the sex of whom is not stated in the judgment, or in any document in the Custom-House, were adjudged to be restored to the claimant "Lazare Beaugeard," by a Decree of the Court of Vice-Admiralty at the Cape of Good Hope, dated 14th September 1814, and by a Memorandum left in the Custom-House by Colonel Draper, when Acting Collector, dated 2d August 1816, it appears that the eleven slaves claimed were given up to Messrs. Saunders and Wiehé, agents for Lazare Beaugeard.

In the year 1811, His Majesty's vessels of war, as above, seized a ship called "Industry," with a cargo of slaves. By a letter dated 20th November 1815, addressed by the Acting Deputy Secretary to Government to the Collector of Customs, the Collector is ordered to prepare for his Excellency's (the Governor) signature, a list of the blacks seized on board the "Industry," by Captains Schomberg and Derippé, in the year 1811, who are to be restored to Mr. Pitot, claimant for himself and other proprietors, agreeably to the decisions of the Courts of Admiralty, given at the Cape of Good Hope and in England, on the 13th February 1812, and on the 14th May 1814.

An original list of these blacks, which remains in the Custom-House, signed C. Mangeot, Inspecteur de la Douane, consisting of 178 (one hundred and seventy-eight) males, and of 30 (thirty) females, making a total of 208, is labelled "restored"; but I have not met with any other document in the Custom-House pointing out what, if any, casualties had taken place previous to the restoration.

In the year 1811, His Majesty's vessels of war as above, seized a vessel called L'Eclair, with a cargo of slaves. A letter dated 27th February 1816, addressed by the Chief Secretary to Government to the Collector of Customs, directs that the Collector will deliver up to Messieurs Pitot the blacks that may belong to them from the brig L'Eclair, agreeably to the provisions of the Judgment of the Vice-Admiralty Court at the Cape of Good Hope, to be communicated by Messieurs Pitot; and by a letter from the Collector of Customs to the Officer in charge of the agricultural farm at Vaquois, I find the number of blacks to be delivered up to Messieurs Pitot, stated at 33 (thirty-three). A rough draught of a schedule, which remains in the Custom-House, of 33 blacks, which appear to be those given up to Messieurs Pitot, from those taken in the Eclair, details them, making as follows:—

21	Twenty-one	Males.
9	Nine	- Females.
2	Two	- no sex mentioned.
1	One	- dead in hospital.

RETURNS RELATING TO SLAVES, &c.

Enclosure, N° 6.

AN ACCOUNT of Persons who have been brought to Trial for Slave Trading, or been concerned in Slave Trading, at the Seychelles Islands, since their Capture, together with the Verdict in each Case, and Punishment inflicted; agreeably to an Order of the Government of Mauritius, under date the 26th of July 1826.

DATE.	NAME OF VESSEL.	
1812: June 27 - -	Schooner Virginie -	Romarf, Owner. Having landed 37 slaves at the island of Praslin, was seized by Lieutenant Sullivan, Government Agent, as appears by his report to Government under this date. The vessel and slaves having been sent to the Cape of Good Hope for condemnation, no documents are to be found at Mauritius concerning it.
1816: February - -	Brig Marie Louise -	Sausse and Dalberede, Owners; Dalbarede, Captain. This vessel landed slaves (supposed about 130) at the island of Praslin. The vessel and 48 slaves, which were all that could be discovered, were seized by Edward Henry Madge, Government Agent. The vessel was condemned in the Vice-Admiralty Court at Mauritius on the 14th of November 1817, and the 48 slaves on the 3d of November 1818. Dalbarede was, at the same time, condemned to pay a fine of 3900 l.; but having no property he was, after a few months confinement in prison, discharged. Sausse escaped from Seychelles to Bourbon.
1817: May - -	Schooner Lutteur -	This schooner, commanded by Adolphe Maurel, was seized by Edward Henry Madge, Government Agent, having landed slaves (number unknown) on the western coast of the Island of Mahé, Seychelles. The vessel and four slaves (all that could be discovered) were condemned in the Vice-Admiralty Court at Mauritius on the 27th of January 1818. Adolphe Maurel, the captain, absconded.

OBSERVATIONS.

IT may be necessary to observe, in explanation of the cause why the seizures mentioned in the above Return were not more generally successful, and the whole of the slaves illegally imported, discovered and taken possession of, that the nature and position of the islands forming the dependency of Seychelles, afford every facility to the landing slaves without the possibility of its coming to the knowledge of the Government agent. At the period of our first possessing these islands no means whatever were established there for carrying into execution the Slave Abolition Laws. An agent of Government was first landed at Seychelles, with an authority for this purpose, on the 2d of June 1811. From that period to the end of the year 1817 there was no regular establishment of a police, so that this officer had to contend alone and unsupported, even at the risk of his life, against the united interests of the people and the slave-traders. It is not so surprising, therefore, that so little was done, but rather that so much was effected under the circumstances above stated. It was not until the year 1822 that any thing like a police that deserved the name, existed at these islands, when 20 gendarmes were granted by Governor Farquhar, and placed at the disposal of the civil authorities; and although there existed no proofs of any illicit introduction of slaves from the year 1818 to the arrival of these gendarmes in April 1822, it may be confidently asserted, that from the latter period (however unaided by any cruizer on the station) the Slave Trade became completely annihilated. The 20 gendarmes above mentioned to have been granted as a police establishment in 1822, have been gradually reduced, by deaths and discharges, to one European and six men of colour. And yet, notwithstanding the inefficiency of this establishment, no attempts whatever have been made from the period above alluded to to continue this illicit traffic, with the exception of Mr. Dodero, captain and owner of the Lugger Composant, which was reported to Government by my letter of the 21st of April 1823.
